

Break down language barriers with AI translation

Boostlingo
AI Pro provides real-time translation to help teachers and staff overcome language barriers.

INSTANT LANGUAGE TRANSLATION

Make lessons accessible in real time. 130+ languages for captioning and 20 languages for speech-to-speech interpretation.

CRYSTAL-CLEAR VOICE AUDIO

Integrates seamlessly with Lightspeed instructional audio systems to ensure accurate translation and clarity of instruction.

INCLUSIVE LEARNING ENVIRONMENT

Support ESL learners and hard-of-hearing or deaf students to meet ADA and IDEA requirements.

Simple to use for teachers and students

- 1 Teachers set up sessions in minutes. Select languages, share a QR code, and go.
- 2 Students scan the code, choose their language.
- 3 Translations are delivered on students' laptops or devices via captions or AI-powered speech.

PROVEN EXPERTISE

- AI Pro is built on 10+ years of translating experience.
- Includes custom glossaries for accuracy and continuous improvement.

STUDENT SECURITY

- Student use is anonymous, no student PII required.
- Data and transcripts can be deleted as needed.
- User sessions are never used to train AI models.
